

Dirty Laundry

They're searching everywhere
for your dirt to display
they know it must be there
we all live in dismay

Dirty laundry
tucked away everywhere
dirty laundry
how it makes me despair

They're sneaking around again
cause there must be some more
they empty your garbage bin
till their hands getting sore

Dirty laundry
tucked away everywhere
dirty laundry
how it makes me despair

They're making a fool of you
they sure know what to do
and scandals will find their way
we don't know what to say

Dirty laundry
tucked away everywhere
dirty laundry
how it makes me despair

Dirty laundry
tucked away everywhere
dirty laundry
how it makes me despair
